Itrat Rubab

Data Analyst

Saarbrücken, Germany | itrat.r16@gmail.com | +49 176-6570-9288 | linkedin.com/in/itratrubab | Permanent Resident (Germany)

PROFILE

Data professional with 3.5 years of experience in data integration and pipeline development, backed by an M.Sc. in Bioinformatics. Built and optimized ETL workflows with n8n that consolidate data from multiple APIs and cloud sources for multi-tenant systems. Skilled in SQL, Python (Pandas), and MongoDB, with a strong software engineering foundation (Git, GitLab, automated testing). Experienced in translating business requirements into reliable data solutions and reporting.

SKILLS

Data Engineering & Analytics: Python (Pandas), SQL, Excel, AWS (S3), MongoDB/NoSQL, A/B testing, REST APIs, n8n

BI & Visualization: Power BI, Tableau, dashboard development

Development & Processes: TypeScript, JavaScript, React, Node.js, Git, GitLab

Languages: English (fluent), German (B2)

EXPERIENCE

Data Analyst | Software Developer 03/2023 – 12/2025 ***Contexxt.ai | Saarbrücken, Germany***

- Designed and automated scheduled ETL pipelines (n8n) integrating cloud (OneDrive) and on-premise data sources into AWS S3 for 3 enterprise clients, including encryption for secure data storage, eliminating manual data handling and saving approximately 5 hours per week.
- Wrote MongoDB queries and aggregation pipelines to transform and maintain records for 500+ daily uploads, powering product features and internal reports for 3 enterprise clients.
- Developed data dashboards in TypeScript, React, and MUI that turned raw datasets into usage metrics and KPIs for 3 enterprise clients replacing manual Excel reports.
- Partnered with product and sales teams to translate business needs into data integration requirements, reducing workflow failures by 70%.

Front-end Developer | UI-UX Designer 03/2022 – 02/2023 ***IT Inkubator GmbH | Saarbrücken, Germany***

- Designed and developed a cross-platform health app for an enterprise client using React Native, Ionic, and Figma in an agile team.
- Validated design decisions through usability tests with 50+ participants and A/B testing of the diet plan feature, analyzing task completion and user feedback to deliver changes that improved feature adoption by 60%.

Research Assistant 03/2021 – 02/2022 ***Bonn University | Bonn, Germany***

- Conducted user experiments with 30+ participants to collect and annotate human movement data, creating labeled datasets for training movement detection models.
- Built data cleaning and preprocessing pipelines in Python (Pandas) to process 1,000+ raw movement images into model-ready datasets.

Student Research Assistant 04/2017 – 02/2021 ***Max Planck Institute for Informatics | Saarbrücken, Germany***

- Developed interactive visualization tools and scientific web applications in JavaScript, React, and Python to help researchers explore and analyze computer vision datasets.

EDUCATION

M.Sc. in Bioinformatics 2016 – 2021 *Saarland University, Germany*

B.Sc. in Bioinformatics 2011 – 2015 *COMSATS University, Pakistan*

TRAINING & CERTIFICATIONS

Google Data Analytics Professional Certificate (Coursera) | in progress**,** expected 12/2026

- Covers SQL (BigQuery), spreadsheets, data cleaning, Tableau, R, and data visualization.

Deutsch für Beruf Sprachkurse B2 01/2026 – 08/2026

- Intensive professional German course focused on business communication and workplace vocabulary.
